You must sign in with your forum account (or sign up if you are not yet registered). The tables show two distinct price sets of WoW auction houses; 14-day statistical prices and current auction house prices. For established, stable elements, it is recommended to use 14-day statistics. During new extensions and content patches, some new items may have very irregular and volatile prices; for these, the current auction house prices should be used! Statistical Name REGION: All U.S. .
